

About the Tennessee River Blueway

Formed by the Tennessee Valley Authority (TVA) in the 1930's, and designated as a river trail in 2002, the Tennessee River Blueway flows through Chattanooga and the Tennessee River Gorge for 50 miles, from Chickamauga Dam to Nickajack Dam. It provides opportunities for canoeists and kayakers to take day trips, or camp overnight in marinas, parks, or in one of five designated primitive sites.

Just a few miles downstream from Chickamauga Dam, downtown Chattanooga offers accessible riverfront amenities on both shores. Paddlers can visit public parks and plazas, restaurants and coffee shops, galleries and museums, and attractions. Natural and man made features to be seen from the water include the restored 19th century Walnut Street Pedestrian Bridge, the Chief John Ross (Market Street) Bridge, Maclellan Island, the Museum Bluffs, and the Passage at Ross' Landing.

From Chattanooga, the Blueway winds around the Moccasin Bend National Archaeological District and historic Williams Island, then past Suck Creek to the Tennessee River Gorge Trust's Pot Point House. The 1835 hand-hewed log cabin was restored in 1993. It was originally built with recycled logs taken from a flat boat that wrecked at the "The Boiling Pot," formerly the most treacherous rapids in the Gorge.

Nearby are Prentice Cooper State Forest and the TVA Raccoon Mountain Pump Storage Facility, which holds water for hydro-electric power generation. Atop the mountain is a man-made reservoir created by an impressive 230-foot-high, 8,500 foot-long dam. A visitors center, picnic facilities, and a network of trails around the reservoir offer recreation for hikers and mountain bikers.

Once through the Gorge, paddlers will pass by Oates Island the relic Hales Bar Dam as they proceed into Nickajack Lake under the U.S. Highway 41 and I-24 bridges. This final leg of the Blueway features parks, marinas, and Nickajack Cave, where thousands of endangered gray bats provide a show every summer evening.

Public Boat Launches

Tennessee Riverpark

River Mile: 469.0

GPS Coord: 35 06'05.85"N 85 14'17.23"W

Location: South Shore Tennessee River

Access: Public powerboat launch located downriver from Chickamauga Dam in a Hamilton County-managed public park. Acquire a free overnight parking permit from Outdoor Chattanooga.

outventure@outdoorchattanooga.com

Rivermont Park

River Mile: 468.7

GPS Coord:

Location: North Shore Tennessee River

Access: Free public powerboat launch.

Coolidge Park/Renaissance Park

River Mile: 464.4

GPS Coord: 35 03'34.26"N 85 18'30.52"W

Location: North Shore, downtown Chattanooga

Access: No free overnight parking. All day single vehicle parking \$4.

Canoe and Kayak launch located beneath the Chief John Ross

(Market St.) Bridge. Overnight parking with permit from Outdoor Chattanooga.

Public Boat Launches, cont'd.

Ross' Landing

River Mile: 463.6

GPS Coord: 35 03'24.03N 85 18'44.71"W

Location: South Shore downtown Chattanooga

Access: Powerboat launch located to the west of the Southern Belle River Boat Company on Riverfront Parkway. \$5 all day parking at waterfront. Overnight parking with permit from Outdoor Chattanooga.

Suck Creek Boat Launch

River Mile: 453.3

GPS Coord: 35 06'34.69"N 85 21'56.12"W

Location: U.S. 27 South/Suck Creek Road

Access: Tennessee Wildlife Resources Agency public power boat launch. Free overnight parking.

TVA Raccoon Mountain

River Mile: 444.4

GPS Coord: 35 03'35.15"N 85 25'00.50"W

Location: TVA Pumped Storage facility/U.S. Hwy. 41

Access: Free public powerboat launch with overnight parking.

Camping

Reservations with managing agencies are required.

- *Please camp in designated Blueway or private campsites only. Much of the land along the Blueway is private, so respect the landowners and do not trespass.*
- *All Blueway campsites are marked with a Blueway sign.*
- *Please Tread Lightly!*
 - *The facilities are primitive. No potable water is available so campers should pack in or treat drinking water. DO NOT DRINK UNTREATED RIVER WATER!*
 - *All trash (including fishing line) should be packed-out.*
 - *Pit toilets are available at Maclellan Island, Williams Island, and Pot Point. All other campsites are without sanitary facilities. Campers must pack-out all human waste. Portable backcountry sanitation systems can be purchased from outdoor equipment suppliers.*

- *Maclellan Island, Williams Island, and Pot Point can accommodate groups of 20, though advanced permission is required.*
- *Please check with managing agencies to see if campfires are permitted. Only dead and downed wood may be burned. Do not cut standing vegetation under any circumstances.*
- ***Due to the topography, cell phone coverage is non-existent or sporadic, at best. Plan accordingly. (AT&T coverage is very good)***

Designated Blueway Campsites

Maclellan Island– Downtown Chattanooga

River Mile: 464.8

GPS Coord: 35 03'21.97"N 85 17'55.53"W

Campsite: Northeast corner

Amenities: Pit toilets, bunk house (20 pp), picnic area.

Supplies: Restaurants, post office, grocery store and a drug store are available within walking distance of the river on Chattanooga's north shore.

Features: 18-acre island with a 2-mile perimeter hiking trail and views of downtown Chattanooga, Great Blue Heron rookery and bird sanctuary.

Managed by: Chattanooga Audubon Society

Information: www.chattanoogaaudubon.org

Options: You can canoe to the north or south shore of the river to access the city or you can leave your canoe at camp, hike to the Water Taxi dock on the west end of the island and call the Chattanooga Water Taxi to come pick you up... 423.756.5060. The taxi can take you to the north or south shore for restaurants, supplies, entertainment and shopping.

Go to the taxi website for more information and to view a good map of the island: <http://www.chattanoogawatertaxi.com/macisland.asp>

35 03'25.13"N 85 18'17.68"W

Williams Island - Moccasin Bend/Suck Creek Area

River Mile: 455.2

GPS Coord: 35 05'06.52"N 85 20'27.13"W

Campsite: On the northeast shore of island across from Baylor School on river right.

Amenities: Pit toilet

Supplies: Suck Creek boat launch is 2 miles downstream. A fishing supply/grocery is located ¼ mile north on Suck Creek Road (U.S. 27)

Features: Archaeological sites dating to 12,000 B.C. and the Mississippian era. Much of the island is now used for cattle farming. A former oxbow on the west shore has been turned into a wetland by

beaver dams. A perimeter hiking trail is currently under construction.

Managed by: Williams Island is managed by the Tennessee River Gorge Trust. You must contact them for permission. It would probably be a good idea to go ahead and make a \$25 donation to the trust when you ask permission. The Trust manages two locations along the river that you are interested in. Ask for permission to camp at Williams Island and the Pot House area.

Suck Creek Public Boat Launch

GPS Coord: 35 06'34.69"N 85 21'56.12"W

Pot Point Campsite– TN River Gorge Trust/Prentice Cooper State Forest

River Mile: 447.7

GPS Coord: 35 05'24.40"N 85 23'51.54"W

Campsite: River right just downstream of Pot Point House.

Amenities: Pit Toilet

Supplies: None

Features: The campsite is primitive and for tent camping only. Pot Point House is available for rental by groups, but reservations should be made far in advance, especially in warm months. It is equipped with full kitchen, bath and showers, dining room, great room, and two group bedrooms. Nearby are a boardwalk river trail, and hiking trails up into TRGT property and Prentice Cooper State Forest.

Managed by: Tennessee River Gorge Trust

Information: www.trgt.org

Prentice Cooper State Forest – Tennessee River Gorge

River Mile: 444.5

GPS Coord: 35 04'02.28"N 85 23'55.74"W

Campsite: River right

Amenities: None

Supplies: None

Features: Clear dirt with lots of tree coverage

Managed by: Tennessee Dept. of Forestry

Information: www.state.tn.us/agriculture/forestry/stateforests/7.html

Marion County Park and Campground – Nickajack Lake

River Mile: 429.0

GPS Coord: 35 01'49.09"N 85 33'31.96"W

Campsite: Public park with RV and tent sites

Amenities: Rest rooms, showers, campground store
Managed by: Marion County Parks and Recreation
Information: www.marioncountychamber.com/accomodations1

Private Campgrounds

These campgrounds require reservations in advance and may require minimum stays. All provide tent camping. Please call to double check requirements.

Camp on the Lake

Campground: Underneath the I-24 Bridge in the center of Nickajack Lake
GPS Coord: 35 00'48.99"N 85 33'29.08"W
Address: 10241 Highway 156, Guild, TN 37340
Amenities: Showers, cabins, convenience store
Toll Free: (866) 942-4078
Phone: (423) 942-4078
Information: www.camponthelake.com

Hales Bar Marina and Resort (River Mile 431.1)

Campground: On river left just downstream of Hales Bar Dam
GPS Coord: 35 02'53.20"N 85 32'10.22"W
Address: 1265 Oldhales Bar Rd., Guild, TN 37340
Amenities: Tent sites, cabins, laundry, pool and restaurant
Reservations: (423) 942-9000
Email: info@halesbarmarina.com
Information: www.halesbarmarina.com
